

TO WHOM IT MAY CONCERN

Nordenstrom Custom Homes has been building homes for our family for almost forty years. The most recent project was a new year-around style home on a lake in northern Minnesota.

Nordenstrom Custom Homes presented several options and we finally decided on a Wausau Home with a very "customized" floor plan and decor. Also, they seamlessly handled all of the pre-construction details such as zoning and a small variance application.

The entire project from start to finish was a turn key effort that was always on schedule and budget. Nordenstrom's excellent relationship with their sub-contractors made everything go well and we were able to occupy the home in time for the Minnesota fishing opener, just as they promised.

Nordenstrom's ability to give proper attention to detail, schedule and budget and their after sale follow-up allow us to recommend their services for home construction.

Best regards,
